

YEAR OF THE FROG

DETROIT ZOOLOGICAL SOCIETY

DETROIT ZOO ♦ BELLE ISLE NATURE ZOO

THE DETROIT ZOO IS PROUD TO PRESENT – AN ENTIRE YEAR OF AMPHIBIANS

New! Dissection Alternatives at the Detroit Zoo

(Grades 6-12) Each year, millions of frogs are dissected in schools. The Detroit Zoo now offers a fun and interactive alternative.

Come and experience Digital Frog 2.5! Our Humane Science Lab is equipped with everything you need to participate in a full, virtual frog dissection. Bring your entire class!

Intergenerational Programs (All Ages)

Join us for our **Rainforest, Wetland** or **Eco Trek** to find out more about amphibian habitats and the effects the environment makes on their well-being. Intergenerational programs are for everyone, families, couples and individuals of all ages. See reverse side for dates, times and cost.

Early Learners (Ages 2-5)

Give your early learner a solid start with programs designed especially for our youngest audience.

Zoo Tots is for a 2-3 year old and an adult caregiver. Join us for eight weeks of exploring the animal kingdom, including a whole session devoted to amphibians.

Leapers Creepers is an opportunity for your 4-5 year old to become introduced to the amphibian world.

Frog Hop is one of our Summer Safari favorites. Hop, skip and jump around the Zoo with us to explore their incredible adaptations. See reverse side for dates, times and cost.

Youth Adventures (Ages 6-16)

We offer many opportunities for the next generation of amphibian advocates to visit the Zoo and find out the real story on what's happening in our wetlands.

Amphibian Antics offers 6-9 year olds a chance to explore the National Amphibian Conservation Center to learn about what we're doing to help amphibians and how they can help on a very local level.

Amazing Amphibians, for 10-15 year olds, delves into the threats amphibians are facing and why this indicator species is sending out desperate warning cries.

Mayhem of Metamorphosis is a new Summer Safari camp all about amphibians for 6-9 year olds. We'll explore the life changing phenomenon of metamorphosis while visiting habitats all around the Zoo.

Wetland Warnings is a new Summer Safari opportunity for 10-16 year olds to investigate

and assist with the habitat crisis many amphibians are facing.

See reverse side for dates, times and cost.

YEAR OF THE FROG

Program	Age	Time	Day	Date	Fee	Member	Child	Availability	Category	Duration
Digital Frog 2.5 (Grades 6-12)		Call to Schedule							Field Trip Experience
